Dear Krešimir, dear Mladen,

On behalf of the European Trade Union Confederation, I send you a message of solidarity following the devastating earthquake which hit Zagreb and Croatia on Sunday.

Trade unionists across Europe send their strongest solidarity to the Croatian population, workers and to you at this extremely difficult time.

At a time when the coronavirus crisis has made life more difficult for working people, we recognise that the burden has been doubled for you by this disaster.

Our thoughts are with all those who have been injured, had their homes damaged or are now working in difficult conditions to deal with the fallout, especially when it comes to workers in health care and essential public services.

The ETUC stands ready to assist you in ensuring the country receives any extra financial support it might need to repair the damage and deal with the ongoing health emergency.

In solidarity,

Luca Visentini  
ETUC General Secretary
