Dear Brothers Sever and Novosel,

We are deeply saddened by the news that a devastating 5.4 magnitude earthquake struck Zagreb and the surrounding region yesterday morning. We would like to express our solidarity with the Croatian people, with deep respect to the rescuers who have spared no effort to save people.

It is with great relief that we learned this morning that none of our Croatian colleagues and friends were injured yesterday!

We would like to express our solidarity and gratitude to our friends and colleagues from the NHS and UATUC. We are well aware of the dual burden that you are now faced with: the defence of workers' rights and jobs in the unprecedented situation created by the COVID-19 crisis and your efforts to remedy the consequences of the earthquake.

In Solidarity

General Secretary
